

Gobleville.
Dr. Failing sells on account of failing health.

Clarence Westcott, after having mumps in Waverly, came here to have measles.

Brown & Clement have returned from their trip north. They say the snow in Antrim county, last week Tuesday, was nearly two feet deep.

The Gobleville Herald seems surprised that Wes. Herren should set a hen on boiled eggs. Nothing surprising about it; he probably wishes to raise boiled chickens.

Elder Lewis has been having a bad time in his family with nocturnal fever. In fact they have all been quarantined against their neighbors for the last two weeks. They are rather improving at this date.

Bush & Ferguson shipped three car-load of yearlings last Saturday. The farmers are up to their old game of selling off their young stock just as it is wintered and can take care of itself. From \$10 to \$12 per head was paid. They were shipped for Wyoming Territory.

People passing on the street here will doubtless be surprised to see two pairs of ears sticking out of the ground. If they stay long enough they will see that they belong to a pair of mules which are drawing out of a hole which "Ab" Hyman is digging for a cellar.

Real estate is changing hands here quickly. Mr. Silas Jones, of Ohio, has bought the Draper place. Draper has bought the Southworth property. D. Wess, the residence of Dr. Failing, and Eli Bush, of Waverly, the residence of Joe Green; Green is building on his lot near his sorghum mill.

It is proposed to utilize the stock yard here for a pound to shut up the hogs which throng Main street, and are continually under foot at the depot. One was located up the other day, but he was so thin he slipped under the gate. After this they will be pumped full of water as soon as they are turned in.

A terrible fight occurred between comdrunken men, west of Coney Hill, last Saturday night. The parties got whisky, one at Paw Paw, the other at Gobleville. We understand that the one who got drunk at Paw Paw, came out nearly dead. That we think proves conclusively, that Paw Paw whisky is the strongest by all odds.

Obituary.

Died, at his residence in this village, on Monday, April 16th inst., after a lingering illness of several months, Mr. Jasen Mather aged 58 years. Mr. Mather was one of the old settlers of this town, having come here with his parents about thirty-five years ago. The family settled on what is known as the Taff farm, near Pugley's Lake, and ever since that time Mr. M. has been a resident of this township, or of the adjoining township of Waverly. Mr. Mather leaves a widow and two children—a son and daughter, both of whom are married. His funeral took place on Thursday afternoon, April 19. He was a member of the Masonic order, and was buried by the brethren.

HOW WATCHES ARE MADE.

In a SOLID GOLD WATCH, aside from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraved portions in place, and supply strength.

The surplus gold is actually needless. In James Boss' Patent Gold Watch Case this waste is saved, and SOLIDITY and STRENGTH increased by a simple process, no one-half the cost. A plate of SOLID GOLD is soldered on each side of a plate of hard nickel composition metal, and the three are then passed between polished steel rollers. From this the backs, lugs, centers, bezels, etc., are cut and shaped by dies and formers. The gold is thick enough to admit of all kinds of chasing, engraving, and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each case is accompanied with a solid guarantee signed by the manufacturers warranting it to wear 20 years. 150,000 of these cases now carried in the United States and Canada. Largest and Oldest Factory. Established 1854. Ask your Jeweler.
